

Help send the LOS ALTOS COMMUNITY TEAM to Nationals!!!

to Nationals!!!

We are a coed **High School Robotics** team that competes in a competition called **Botball**. We attend Mountain View High School.

In Botball, we build **autonomous robots** out of **LEGOs** and two microcontrollers. We program our robots in a C based language to compete against other teams in a head to head competition.

This year we built **2 robots** out of the kit that we nicknamed **The Policeman**, and **The Street Sweeper**. The Policeman has a large arm that whacks the highest scoring objects on to our side, where the Street Sweeper grabs the points and places them in a higher scoring position.

Our team won **3 first place trophies** at the Regional competition and we are now hoping to do the same at the national competition. Our goal is **\$4000** for the team to travel to **Jacksonville, FL.** in **July, 2005**.

We need **your support** to help us get to Nationals. **Any amount** you can donate is greatly appreciated. **Please help us make it to the championships!**

If you'd like to help us, please contact **Connie Kobylarz Wilde** at constance@aton.com, (650) 947-9248, or 11490 Old Ranch Road, Los Altos Hills, 94024. Also visit www.LosAltosRobotics.Org
