

### **Erik Bahl – Youth Volunteer Award**

The Youth Volunteer Awards honors Jr. High and High School students who have contributed in important ways to this current year.

This year's award goes to Erik Bahl

You all saw and heard Erik as our announcer this afternoon. With no previous experience, Erik stepped in as one of our announcers at the scrimmage on October 21st and again at another scrimmage a week later. His energetic and high speed delivery adds an additional level of excitement to all of our robot matches. He also mentored an FLL team, inspiring other kids to be youth mentors too.

### **Linda Ren – Outstanding Volunteer Award**

The Outstanding Volunteer Award honors those who have contributed significantly to this current year.

This year's award goes to Linda Ren

Linda has done an amazing job of setting up a system for recruiting volunteers, assigning them to jobs, tracking their availability and reminding them of when and where they need to report. She was also tracked down the tables we use at the tournament. She did all of this for two scrimmages and today's tournament. She has been working on this almost every day for the last two months. It has been a huge amount of work and she has done a great job.

### **Betsy Adler – Schuh Family Award**

The Schuh Family Award honors those who have contributed consistently, generously, and outstandingly over the course of several years to the Los Altos FLL events.

This year's award goes to Betsy Adler

Betsy Adler has been a tireless advocate for FLL for the past 4 years. Betsy not only coaches her own team and volunteers her time as a member of the Los Altos Robotics Board the presenter at the Parent Orientation meeting and as the table inspector for this tournament and our scrimmage table but she also generously shares her FLL knowledge with other teams. She is constantly sharing FLL with others in her community by inviting kids and families to the scrimmage and tournaments, and to observe the robots and LEGO field, tangibly showing them what FLL is all about. She is the go-to person for many of the rookie teams.
